### **MACC Selection policy**

All players must wish to do everything they are capable of to help meet the aims of the club. This means in essence playing where they are picked and doing everything they can on the field and off it to ensure the success of the team they are selected for, and the club as a whole

To this end Captains are required to follow to the letter the following obvious procedures:

- ❑ availability is taken after every club game and selection will take place between the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> XIs
- ❑ having been selected for an XI in the best interests of the club as a whole (with the explicit aim of the 1<sup>st</sup> XI achieving the highest possible divisional placing) if unwilling to play in that game, **will not play for the club that weekend - even if short**. Special circumstances may come into play as a one-off, but this will be at the discretion of the 1<sup>st</sup> XI captain, whose decision will be adhered to.
- ❑ with late cry-offs, the captain (ie 1st or 2nds) will name and take, without debate, the player he requires in order for his team to maximise chances of success, both at 1<sup>st</sup> and 2<sup>nd</sup> XI level. Consultation is obviously sensible, but the senior captain will have the final say in the decision.
- ❑ any movement outside of this will result in calling of an emergency management meeting by President and Chairman with a single item which will be discuss the status of the captain concerned. Likewise, for a player abusing the above, or clearly not trying when selected for a side, the same will occur with a view to disciplining the player.
- ❑ players are requested to respect the selection made by the selection committee. Obviously all captains have the clubs overarching welfare as their key consideration.

We wish all players the best of luck on the field, whichever side they are selected for, and thank you all for putting the club's objectives before personal preferences.
